

SUMMER ENRICHMENT JOURNEY: 2026-27

LEARN ✧ EXPLORE ✧ CREATE

STD - 3

Dear Parents/Guardians,

The Summer Enrichment Journey is designed to make summer holidays joyful, creative, and meaningful through the theme "Biodiversity in Nature". Through fun and activity-based tasks, students will explore nature and real-life experiences while developing creativity, imagination, confidence, and writing skills. This project will help children utilize their vacation time in a productive and enjoyable way. We kindly request your support in guiding your child to complete the activities with enthusiasm and creativity in the Project File.

Topic 1:

Animal Superheroes

Imagine an animal with magical superhero powers. Draw the animal superhero and the polluted pond. Write a short story about how it saves the animals living in a polluted pond.

Topic 2:

शीर्षक : विशेषण मेला

पृथ्वी पर पाए जाने वाले दो-दो जीव-जंतुओं व पौधों के चित्र (चिपकाकर/बनाकर) उनका नाम और एक विशेषण शब्द लिखिए।
उदा० – यह मोर है, यह सुंदर होता है।

Topic 3:

Draw and colour any 6 aquatic animals using geometrical shapes.

Answer the following questions:

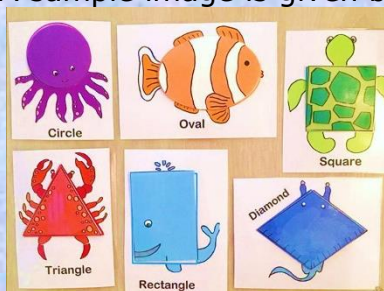

1. Write the number of sides in:

- Triangle
- Square
- Rectangle
- Diamond

2. Which shapes have the same number of sides?

3. If each sea animal eats 5 fish every day, how many fish will all 6 sea animals eat in one day?

A sample image is given below:

Topic 4:

Animals Around My Home

Draw or paste pictures of 5 animals or birds seen around your house or locality and decorate them creatively with colours and natural materials. Observe them carefully for one week.

Write their names, food they eat and sounds they make.
